Subject Index to Volume 19

- Acromegaly
 effect of bromocriptine in, 565
 familial, 354
- Adrenal function
 recovery after carcinoma, 389
- Adrenal surgery
 long term results of, 229
- Adrenalectomy
 oestrogen and aminoglutethimide after, 43
- Adrenaline
 and β_2 adrenoceptor stimulation, 409
- Adrenarche
 in diabetes mellitus, 717
- β_2 Adrenoceptor stimulation
 and hypokalaemia, 409
- Adrenocortical adenoma,
 results of adrenal surgery in, 229
- Adrenocortical carcinoma,
 treatment with o,p'-DDD, 389
- Adrenocortical unresponsiveness
 glomerulosa failure in, 515
- Africa
 infantile hypothyroidism in, 327
- Amenorrhoea
 cycle initiation in, 9
- Aminoglutethimide
 suppression of oestrogen by, 43
- Androgen receptors
 in dispersed fibroblasts, 93
- Androgens
 and somatomedin-C/insulin-like growth factor I,
 549
- Androstenedione
 and preovulatory surge of LH, 463
- Antithyroid drugs
 effects on LATS-P, 597
- Anti-thyrotrophin receptor antibodies,
 assay of, 143
- Aromatase
 in breast fat, 205
- Blood pressure,
 and noradrenaline in hypothyroidism, 701
- Breast tumours,
 17 β -hydroxysteroid dehydrogenase and aroma-
 tase, 205
- Bromocriptine
 GH suppressive effect in acromegaly, 565
- Calcitonin
 and osteoporosis, 85
- Carbamazepine
 and pituitary responsiveness, 163
- Cerebrospinal fluid,
 changes in prolactin in, 649
- Circannual rhythms
 in prepuberty, 531
- Congenital malformation
 and maternal hyperthyroidism, 695
- Corticotrophin
 effect of ketanserin on, 137
 glomerulosa failure in adrenal unresponsiveness,
 515
- Corticotrophin releasing factor,
 and peptides, 725
 in hypothalamus and pituitary disorders, 71
- Cortisol
 etomidate inhibition of 11 β -hydroxylation, 625
 increase in pregnancy, 221
- Cushing's disease
 30 min ACTH test, 349
- Cushing's syndrome
 results of adrenal surgery, 229
- Cyclic AMP
 absence of iodide effect, 473
 response to synthetic human parathyroid hor-
 mone-(1-34), 369
- Cyproterone acetate
 and LHRH analogue in precocious puberty, 377
 treatment of hirsutism, 313
- Cystic neck mass
 diagnosis by thyroglobulin, 261
- Dehydration
 and plasma arginine vasopressin, 451
- Diabetes
 adrenarche and gonadarche in, 717
 erythrocyte insulin receptor affinity, 671
 plasma renin in, 606
- Diurnal changes
 of prolactin in cerebrospinal fluids, 649
- Dopamine
 control of gonadotrophin, 53
 influence on LH in PCO, 643
- Dydrogesterone
 effect on gonadotrophin, 129
- β -Endorphin-like immunoreactivity
 and post partum 'blues', 169
- Energy deprivation
 thyroid in, 657

- Erythrocytes
 insulin receptors on, 23, 671
- Ethinyl oestradiol
 treatment of hirsutism, 313
- Etomidate
 inhibition of 11β -hydroxylation, 625
- Exercise
 and thyroid in energy and sleep deprivation, 657
- External irradiation
 for pituitary GH-secreting tumours, 401
- Familial acromegaly, 354
- Feminisation
 of gonadotrophin in transsexuals, 591
- Fibroblasts
 androgen receptor in, 93
- Follicle stimulating hormone
 and preovulatory LH, 463
- Glomerulosa failure
 in adrenal unresponsiveness, 515
- Glucose
 effect on GH response, 497
- Glycaemic control
 and skin glycosylation, 521
- Glycosylation
 of skin in diabetes, 521
- Goitre
 hereditary, 631
- Gonadarche
 in diabetes mellitus, 715
- Gonadotrophin
 dopaminergic control of, 53
 dydrogesterone effect on, 129
 effect on pulsatile release of, 9
 response in transsexuals, 591
 testosterone enhances suppression of, 119
- Gonadotrophin releasing hormone
 and prolactin, 281
 pituitary responsiveness to, 163
- Graves' disease
 anti-thyrotrophin receptor antibodies in, 143
 specific suppressor T cell function, 683
- Growth hormone
 circannual rhythms of, 531
 effect of ketanserin on, 137
 irradiation of tumours secreting, 401
- Gut peptides
 effect of CRF on, 725
- Haemorrhage
 into thyroid gland, 213
- High sensitivity assay
 for human thyrotrophin, 489
- Hirsutism
 androgen levels in treatment, 313
- Human calcitonin-like peptides
 in man, 253
- 11β -Hydroxylation
 inhibition by etomidate, 625
- 17β -hydroxysteroid dehydrogenase
 in breast fat, 205
- Hypercortisolism
 salivary cortisol in, 709
- Hyperparathyroidism
 multiple endocrine neoplasia syndrome (Type 1)
 in, 153
- Hyperprolactinaemia
 gonadotrophin secretion in, 53
- Hyperthyroidism
 and congenital malformation, 695
 and triiodothyronine in women, 31
- Hypoglycaemia
 effect of ketanserin in, 137
- Hypogonadotrophinism
 opioid inhibition post partum, 573
- Hypokalaemia
 caused by adrenaline $\beta 2$ adrenoreceptor stimulation, 409
- Hypophysectomy
 suppression of oestrogen with aminoglutethimide
 after, 43
- Hypothalamus disorders
 corticotrophin releasing factor in, 71
- Hypothalamic-pituitary-adrenocortical function,
 assessed by 30 min ACTH-test, 349
- Hyperthyroidism
 and hereditary goitre, 631
- Hypothyroidism
 infantile in central Africa, 327
 thyroxine in, 107
- Idiopathic hypopituitarism
 pituitary cellular hypersensitivity in, 341
- Immunochemiluminometric assay
 for thyrotrophin, 489
- Immunoprecipitation assay
 of anti-thyrotrophin receptor antibodies, 143
- Infantile hypothyroidism
 in central Africa, 327
- Injury
 somatomedin after, 179
- Insulin
 in fasting obese patients, 65
 receptors on human erythrocytes, 23, 671
- Iodide organification defect
 absence of effect on cyclic AMP, 473
- Ketanserin
 and PRL, GH, ACTH and cortisol in hypoglycaemia, 137

- β -Lipotrophin
 - in pregnancy, 221
- Long acting thyroid stimulator protector radiiodine and antithyroid drugs and, 597
- Luteinising hormone
 - and endogenous opioids, 299
 - effect of dopamine and opioids on in PCO, 643
 - and ovarian activity post partum, 415
 - pulsatile release, 579
- Luteinising hormone releasing hormone analogue with cyproterone acetate in precocious puberty, 377
- Lymphatic vessels
 - and thyroglobulin from malignant follicles, 457
- Malignant pheochromocytoma
 - characterization of, 189
- Maternal hyperthyroidism
 - and congenital malformation, 695
- Multiple endocrine neoplasia syndrome (Type 1) in hyperparathyroidism, 153
- Myopathy
 - and thyroiditis, 307
- Neurophysins
 - in essential hypertension, 289
- Noradrenaline
 - and blood pressure in hypothyroidism, 701
- Obesity
 - somatomedin-C, insulin and T3 in, 65
- Oestradiol
 - and preovulatory surge of LH, 463
 - pulsatile release, 579
- Oestrogen
 - effect of gonadotrophin release, 9
 - suppression by aminoglutethimide, 43
- Opioids
 - influence on LH in PCO, 643
- Opioid inhibitory tone
 - lack of on LH secretion, 299
- Oral contraceptives
 - and serum prolactin, 427
- Osteoporosis
 - calcitonin and, 85
- Ovine corticotrophin-releasing factor
 - disappearance in man, 111
- Oxytocin-associated neurophysins
 - in essential hypertension, 289
- Pancreatic peptides
 - effect of CRF on, 725
- Parathyroid hormone,
 - in pseudohypoparathyroidism, 503
- Peptides
 - effect of CRF on, 725
- Pheochromocytoma,
 - characterization of, 189
 - scintigraphic localization of, 1
- Phenytin
 - and pituitary responsiveness, 163
- Pituitary
 - and carbamazepine or phenytin, 163
 - cellular hypersensitivity in idiopathic hirsutism, 341
 - disorders and corticotrophin releasing factor, 71
 - insufficiency in thalassaemic haemosiderosis, 435
 - surgery and hypothalamic-pituitary-adrenocortical function, 349
 - tumours irradiated, 401
- Plasma arginine vasopressin
 - and dehydration in the elderly, 451
- Plasma renin
 - in Type 1 diabetes, 606
- Polycystic ovary syndrome
 - effects on LH secretion in, 643
- Post partum 'blues'
 - β -endorphin-like immunoreactivity, 169
- Post partum hypogonadotrophinism
 - opioid inhibition, 573
- Precocious puberty
 - treatment, 377
- Pregnancy
 - β -lipotrophin and cortisol increase in, 221
- Progesterone
 - effect on gonadotrophin release, 9
 - and preovulatory surge of LH, 463
- Prolactin
 - diurnal changes in cerebrospinal fluid, 649
 - effect of gonadotrophin releasing hormone on, 281
 - and preovulatory surge of LH, 463
 - and oral contraceptives, 427
 - effect of ketanserin on, 137
 - effect of sodium valproate on, 245
- Pseudohypoparathyroidism
 - and parathyroid hormone, 503
- Radioiodine
 - effect on LATS-P, 597
- Renal 1,25-dihydroxyvitamin D
 - and synthetic human parathyroid hormone- (1-34), 369
- Salivary cortisol
 - in hypercortisolism, 709
- Salmon calcitonin-like peptides
 - in man, 253
- Scintigraphic localization
 - of pheochromocytomas, 1
- Skin glycosylation
 - in diabetes, 521

- Sleep deprivation
 - thyroid in, 657
- Sodium valproate
 - and prolactin release, 245
- Somatomedin
 - activity after injury, 179
- Somatomedin-C
 - in fasting obese patients, 65
- Somatomedin-C/insulin-like growth factor I
 - response to growth hormone, 549
- Suppressor T cell function
 - in Graves' disease, 683
- Synthetic human parathyroid hormone-(1-34)
 - response to, 369
- Testosterone
 - enhances suppression of gonadotrophin, 119
- β -Thalassaemia
 - and thyroid function, 445
- Thalassaemic haemosiderosis,
 - pituitary and thyroid insufficiency, 435
- Thyroglobulin
 - and cystic neck masses, 261
 - elevated after haemorrhage, 213
 - released by malignant follicles, 457
- Thyroid
 - effect of energy and sleep deprivation, 657
 - and homozygous β -thalassaemia, 445
 - haemorrhage and thyroglobulin, 213
 - circannual rhythms of hormones, 531
 - insufficiency in thalassaemic haemosiderosis, 435
 - NADPH as index of immunoglobulins, 269
- Thyroiditis
 - and thyrotoxic myopathy, 307
- Thyrotoxic myopathy
 - and thyroiditis, 307
- Thyrotrophin
 - circannual rhythms of, 531
 - high sensitivity assay for, 489
 - measurement of receptor antibodies, 539
- Thyrotrophin releasing hormone
 - effect on prolactin response to, 281
 - pituitary responsiveness to, 163
- Thyroxine
 - and noradrenaline and blood pressure, 701
 - and radioiodine therapy, 527
- Transsexuals
 - feminisation of gonadotrophin response, 591
- Triiodothyronine
 - in fasting obese patients, 65
 - and hyperthyroidism in women, 31
 - and radioiodine therapy, 527
 - in thyrotoxicosis and hypothyroidism, 107
- Thyrotoxicosis
 - triiodothyronine in, 107
- Thyroxine
 - in thyrotoxicosis and hypothyroidism, 107
- Type 1 diabetes
 - plasma renin activity, 606
- Vasopressin-associated neurophysins
 - in essential hypertension, 289
